California Virtual Academies

The California Virtual Academies offers instruction for grades K-12. As a public charter school program, there is no tuition. Language Arts, Math, Science, History, Music, and Art are the core courses. There are also other courses in the appropriate grade levels, such as Physical Education. They provide all the textbooks and instructional materials that are needed to complete the program. These books and materials are sent to students directly. Each family will be loaned a computer system (including computer, printer, software, and Internet connection) to support the learning process.
